# Who We Are

D-KEB is an indigenous Ghanaian company licensed by the Petroleum Commission and the Energy Commission of Ghana to supply and provide services for industrial engineering equipment, materials, and lubricants to companies in the oil & gas and energy sectors.

Our core expertise lies in supplying industrial equipment and lubricants, personal protective equipment (PPE), pumps, explosion-proof equipment, HVAC systems, firefighting, lifesaving, general safety and lifting equipment, and various engineering equipment and materials. We also offer related services and certification services. Additionally, we provide general consumables, hand tools, and lightweight machinery.

Through strategic partnerships with leading companies and manufacturers in their respective industries, we offer a comprehensive range of equipment, materials, lubricants, personal protective equipment (PPE), and related services. We provide an integrated end-to-end service, from sourcing and manufacturing standard or custom designs to handling logistics, warehousing, end-user delivery, installation, and maintenance.

# Mission Statement

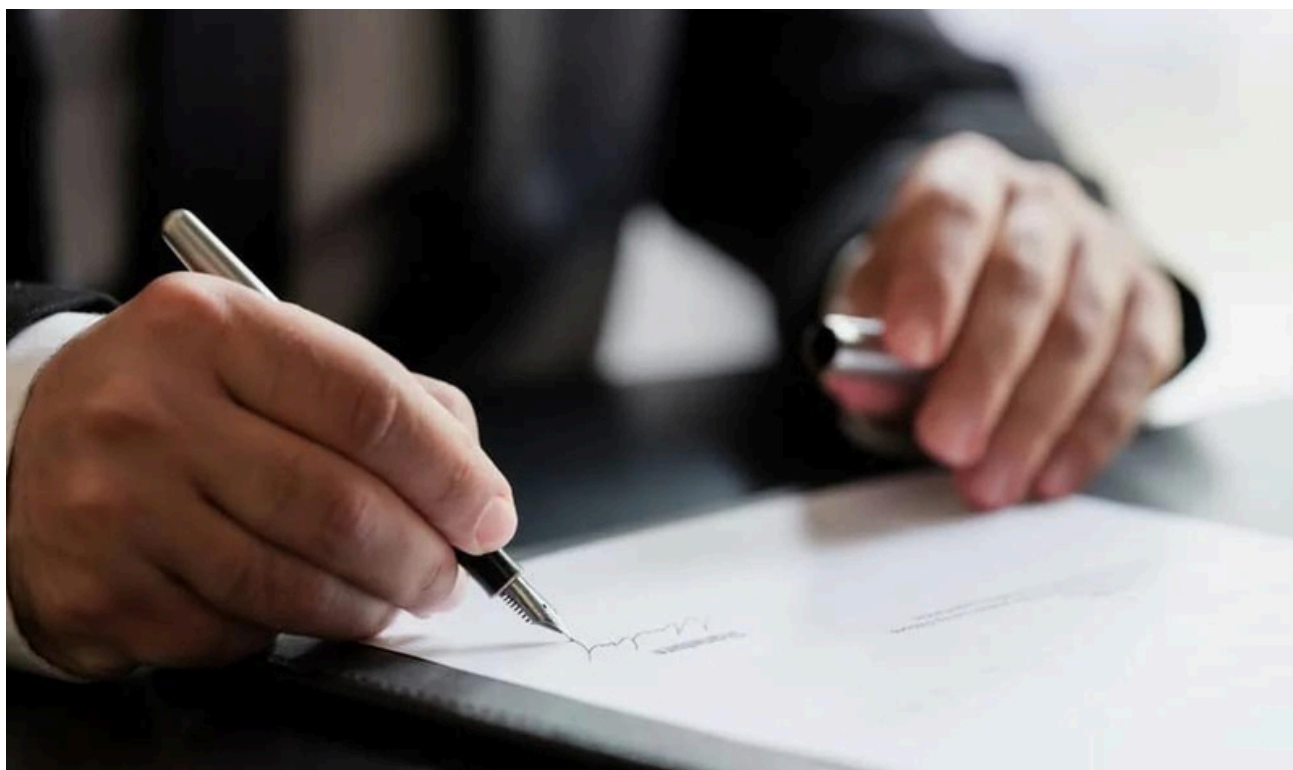

At D-KEB, we work hard to provide high-quality, industry-specific products and services that are competitively priced with great lead times, thereby exceeding our customers' expectations.
